PIZZA NIGHT: Friendship Circle group are enjoying a night out at Jons Pizza in Boca Raton as part of the new Life Skills program, initiated for children with special needs. Submitted photo

Program teaches special-needs kids

The Friendship Circle of North Broward and South Palm Beach, a program for children with special needs, launched the program Life Skills Dec. 3.

Life Skills teaches children how to become comfortable in a bank, store, restaurant or beauty salon. Teenagers with special needs met at the Kosher Market Place in Boca Raton for their first shopping spree. Each child was given money, a shopping list and a volunteer to assist them. After that the children went to the local pizza store and enjoyed an evening out with their special friends. The next Life Skills will be Feb.18.
